## **ALLOWANCE**

This allowance is in response to Applicant's after-final amendment filed on 1/31/2011. Applicant amends claims 1, 7, and 12 and previously cancelled claims 3-6, 10, 11, 13, 16, 17, 19, and 21. Accordingly, Applicant presents claims 1, 2, 7-9, 12, 14, 15, 18, 20, and 22 for further examination.

### **I. ALLOWABLE SUBJECT MATTER**

Claims 1, 2, 7-9, 12, 14, 15, 18, 20, and 22 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest the combination of features now presented in independent claims 1, 7, and 21. Claims 1, 7, and 21 are directed to an invention for maximizing group membership using a series of steps including updating a connectivity count of each vertex in a graph after removing one vertex from the graph, selecting a vertex with a least sum of connectivity counts from all vertices having a same least connectivity count, and removing the selected vertex from the graph. The prior art does not teach or suggest performing these steps in combination with the newly amended limitation "for each determination of said removed vertex having a connectivity count equaling zero, said processor returning a grouping consisting of the removed vertex with a connectivity count equaling zero and all its neighboring vertices, said neighboring vertices including any vertex removed in any previous iteration of the selecting and removing steps."

Art Unit: 2452

Because the prior art does not teach or suggest performing these steps in the fashion presented by the independent claims, the claims are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

## **II. CONCLUSION**

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See attached PTO-892.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to DOHM CHANKONG whose telephone number is (571)272-3942. The examiner can normally be reached on Monday to Friday [10 am - 6 pm].

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Thu Nguyen can be reached on (571)272-6967. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
